

Parents: Help your child choose three activities (one from each subject column) to complete on a Blizzard Bag snow day. If a second and third day occur, complete a different set of three activities each day. Then, print this activity board and sign and return it with any other required assignments when we return to school. If you are unable to print this board, please just write a note with your signature and the activity numbers completed. All assignments must be returned within two weeks. Have fun and stay warm!

Student Name _____

Reading/ Language Arts	Math	Science/ Social Studies
1. Write a story about how to build a snowman. You should use words like first, next, then, and last. Illustrate. Bring the story to school.	2. Pretend to buy 4 objects in your bedroom. Make each item cost less than a dollar. Write the cost and draw the coins needed to buy each item, using pennies, nickels, and dimes. Bring your work to school.	3. Write two sentences about a community helper in Louisville who helps our community on a snowy day. Illustrate. Bring your work to school.
4. Practice your sight words with an adult.	5. Practice addition and subtraction math problems. You can use flashcards, math games on the computer, or paper/pencil.	6. Look out a window in your home. On a piece of paper, draw what winter looks like in Ohio. On the back of the paper, draw what summer looks like in Ohio. How are they different? Bring your work to school.
7. Spend 30 minutes reading to someone or having someone read to you. Fiction stories: discuss the characters, setting, problem, and solution. Non-fiction books: talk about what you have learned.	8. Practice skip counting by 2's, 5's and 10's starting from various numbers (ex. count by 2, starting with 17; count 5, starting with 50; count by 10, starting with 45 or 39, etc)	9. Have an adult help you get 2 ice cubes. Think like a scientist and experiment with 2 different ways to turn your solid (the ice cube) into a liquid.
